

SUPERSIZE ME

ACCH NEWSLETTER

Big changes are afoot for ACCH, expansion being the keynote.

As the number, frequency and content of our local and distance courses increases, we would like to increase communication between the college, graduates and the wider homeopathic community. More on that in our next edition.

First things first...the newsletter will be expanding in size and regularity. From May onwards, a two-page newsletter will be introduced. Produced every two months, it will include updates on college courses and seminars; the latest in homeopathic theory; cases studies; and books reviews. There will be a place for opinions with a regular

editorial and letters to the editor.

And we need your help to do it...let us know what you would like to see in the newsletter. Perhaps you have something you would like to contribute to subsequent editions of the newsletter? We're looking for well-written articles, advertising and letters to the editor.

If you are interested in advertising in the next newsletter; or would like to submit an article; or have a suggestion for format or content, please email Kathy Thomas: pukekahu@xtra.co.nz.

We value your suggestions - the more ideas you give us, the more useful the newsletter will be to you.

SEMINAR NEWS

The next senior seminar is on the weekend of the **28th and 29th May (9am – 4pm)**. To register in advance, contact our office administrator, Cherry Parker, at: acchom@xtra.co.nz. Please email Cherry for a list of charges to attend seminars (for ACCH graduates and others); or to receive videos of the seminars (for those living out of Auckland).

SATURDAY: Kathy Thomas A CASE OF HEPATITIS C

Kathy will give you the case of a woman with Hepatitis C. Will you be able to find the remedy that has worked wonders for her patient? Bring along repertories and materia medica. We'll look at miasm, family and kingdom. Information about the disease will also be given.

A PROVING OF SEAHORSE

The materia medica of Seahorse, a recently proved remedy, will be introduced.

SUNDAY: Jeannette Bennett

AN INTERESTING CASE OF AN UNSUAL REMEDY

During this session, Jeannette will present a case of post-natal depression. This is another opportunity for you to exercise your homeopathic investigative skills and discover the little-known remedy that gave Jeannette's patient a new lease on life.

Remaining Seminar Dates for 2005:

13/ 14 August; 12/ 13 November

CLASSIFIEDS

Situations Vacant

Student wanted by college to set up classrooms on class days, with potential of other p/t work available. Must be reliable and punctual. Email Paul at info@homeopathynz.co.nz if interested.

REMINDER

Current Students:

Please make sure that the office has your contact details, including a current email address.

MEDICAL SCIENCE COURSE

Our new-look Medical Science course is starting soon.

The course will be run in 14 modules, each based on body systems. There will be a take-home test at the end of each module. One written assignment must be completed towards the end the course.

Lectures will be held fortnightly.

We would like to survey prospective attendees regarding the most suitable day and time on which to hold the course.

Which option suits you best?

**Wed 9.30am – 1.30pm; Wed, 6pm – 10pm;
Thurs 9.30am – 1.30pm.**

Please email Cherry at the ACCH office to let her know your order of preference. If you would like more information about the course, phone or email Cherry.
